

MORO DHIGURAH

**Welcome to Moro Dhigurah — a cozy, locally-owned
guesthouse just steps away from the pristine shores of
Dhigurah Island**

Dhigurah – A Hidden Gem in South Ari Atoll

Tucked away in the heart of the South Ari Atoll, Dhigurah is one of the Maldives' most enchanting local islands – known for its natural beauty, friendly community, and incredible marine life.

With its stunning 3-kilometer stretch of white sand, lush greenery, and a crystal-clear lagoon, Dhigurah offers travelers a perfect balance of relaxation and adventure. Unlike crowded resort islands, Dhigurah is an authentic Maldivian experience, where guests can walk barefoot, explore the local village, and connect with the island's rich culture.

The Whale Shark Capital of the Maldives

Dhigurah is world-renowned for being one of the best places on Earth to see whale sharks year-round. These gentle giants frequently cruise the nearby reefs, making it a top destination for:

- **Snorkeling**
- **Freediving**
- **Scuba diving**

You can also spot manta rays, sea turtles, reef sharks, and a dazzling array of tropical fish in the surrounding coral gardens.

Bikini Beach & Endless Sandbanks

Dhigurah has a designated bikini beach, offering privacy and comfort for sunbathing and swimming. At the southern tip of the island lies a breathtaking natural sandbank that seems to stretch endlessly into the horizon – ideal for photoshoots, beach picnics, or peaceful sunset walks.
